Search Engine Optimization (SEO): (52 Hrs/ Month – Approx 2+ hours Every Day)

SEO (Search Engine Optimization) enables a new business to grow at a competitive speed and makes the business popular through the use of Internet. When a new business is launched, it's not necessary that it will come up with a unique product that creates a separate market for itself. When a new business owner wants to make his presence felt on the web, he should also know about SEO, which can make his site rank higher than others, which in turn will mean higher profits.

What we do: We target 5 high search volume keywords by researching your business, competition and consistently performing SEO tactics like

- Social book marking
 - Directory submissions
 - Article submission
 - Blog commenting
 - Forum Posting
 - Classified submission on some of the most popular classified sites like
- | | |
|--|--|
| ➤ www.craigslist.org | www.biggestclassifieds.com |
| ➤ www.locanto.com | www.olx.com |
| ➤ www.adpost.com | www.googleclassifieds.com |
| ➤ www.backpage.com | www.stumblehere.com |
| ➤ www.usaclassifiedsite.com | www.backpage.com |
| ➤ www.ebayclassifieds.com | www.web-ref.org |

What you can expect from us:

- Keyword analysis support to suggest high search volume keywords based on research.
- Keyword ranking on Google page 2 in 3 months.
- Weekly keyword ranking report with complete work done report every week.
- There will be no additional cost for writing articles each month. This price is **all-inclusive**.
- We have a White hat approach to SEO and campaigns are managed/ supervised only by Google certified experts.

- How ever there might be a one-time On-page SEO optimization fee if the site is new and not optimized for On-page, which is highly recommended and considered for Search Engine ranking.
